PATRICK C. KELIHER
COMMISSIONER

Shellfish Harvesting Area Classification-Notification of Changes

January 10, 2017

Ladies and Gentlemen:

Under the authority of Maine statute 12 M.R.S.A., Chapter 607, Section 6172; the Commissioner has made the following classification change to Area No. 6, Ogunquit River to Webhannet River (Ogunquit and Wells): This notice closes the Conditional Approved area (B.) in the Ogunquit River due the risk of contamination from a sewer system malfunction. The area will reopen on January 31, 2017. All existing pollution and red tide/psp closures remain in effect.

The boundary descriptions of the area are as follows (struck text is being removed and underlined text is being added):

- A. Effective immediately, because of pollution, it shall be unlawful to dig, take or possess any clams, quahogs, oysters or mussels taken from the shores, flats and waters of the following areas:
1. Upper Ogunquit River (Ogunquit): north of a line starting from the northeast corner of the boat ramp at the Ocean Street footbridge and running east to a red painted post on the opposite shore.
 2. Lower Ogunquit River, Ogunquit Beach, Moody Beach, Wells Beach and the Webhannet River (Ogunquit and Wells): southwest and shoreward of a line formed by the Beech Street bridge (Ogunquit); AND west and shoreward of a line beginning at the eastern tip of Israel's Head (Ogunquit), then running northeast to Bibb Rock, then running north to the eastern tip of the northern jetty at the mouth of the Webhannet River (Wells), AND south of a line running northwest from the southern edge of the parking lot at the end of Foster Lane to the point of land at the end of Atlantic Avenue.
 3. Webhannet River (Wells): south of Mile Road. This area is classified as "Restricted," and requires a special MDMR permit.
 4. Pope Creek, Webhannet River (Wells): west of a line starting at the northern shore at the mouth of Pope Creek and running south across the mouth of Pope Creek and continuing south across the mouth of an unnamed creek to a red painted post.
 5. Depot Brook, Webhannet River (Wells): west of a line drawn across the mouth of Depot Brook. This area is classified as "Restricted," and requires a special MDMR permit.
 6. Western Shore of Ogunquit River (Ogunquit): west of a line starting from the southern tip of an unnamed point of land located on the western shore of the Ogunquit River and running southwest across a sandbar to a red painted post located on the shore in front of The Dunes on the Waterfront Hotel.

- B. Effective immediately, because of pollution, the shores, flats and waters of the Ogunquit River (Ogunquit), south of a line starting from the northeast corner of the boat ramp at the Ocean Street footbridge and running east to a red painted post on the opposite shore; AND east of a line starting from the southern tip of an unnamed point of land located on the western shore of the Ogunquit River and running southwest across a sandbar to a red painted post located on the shore in front of The Dunes on the Waterfront Hotel; AND north of a line created by the Beech St bridge (Ogunquit) have been classified as "Conditionally Approved," and shall be closed to the harvest of clams, quahogs, oysters and mussels from May 1 through October 31. ~~This area is CLOSED on April 29, 2015 due to an emergency situation and will reopen November 1st. This area is CLOSED on January 10th due to an emergency situation and will reopen on January 31, 2017.~~
- C. Effective immediately, because of pollution, the shores, flats and waters of the upper Webhannet River (Wells), north and west of a line starting at the boat ramp located at the end of Harbor Road and running northeast to the northernmost point of land at the end of Atlantic Avenue, and then running east to the southern edge of the parking lot at the end of Foster Lane, AND east of a line running across the mouth of Depot Brook; have been classified as "Conditionally Approved", and shall be closed to the harvest of clams, quahogs, oysters and mussels from May 1 through November 30.
- D. Effective immediately, because of pollution, the shores, flats and waters of the lower Webhannet River (Wells), north of Mile road, AND south of a line starting at the boat ramp located at the end of Harbor Road and running northeast to the northernmost point of land at the end of Atlantic Avenue, AND east of a line starting at the northern shore at the mouth of Pope Creek and running south across the mouth of Pope Creek and continuing south across the mouth of an unnamed creek to a red painted post have been classified as "Conditionally Approved", and shall be closed to the harvest of clams, quahogs, oysters and mussels from May 1 through December 31.
